

from the trailhead...

This is such a beautiful time of year. As I am writing the fresh air of Spring is drifting through the windows of my office and in the air is the smell of new life. The grass is green and thick, the pear trees are in bloom and the sun is shining bright. I love to think of it as just a dim picture of what Heaven is going to be like. I am reminded of the verse in 1 Cor. 13:12

"For we see now through a dim window obscurely, but then face to face; now I know partially, but then I shall know according as I also have been known."

See you on the trail,

 **new series: Daniel**

This month we are going to tell the story of the life of Daniel. He was an awesome person of the Bible. The main idea throughout his life was:

God is in control

No matter what happens stay close to the Lord because He has it all under control!

The numbers '172' can be found on the back of the U.S. \$5 dollar bill in the bushes at the base of the Lincoln Memorial.
